

# Cash Values per Square Meter of Real Property in Baltimore

## Cash Value per Square Meter

Property value data from the Baltimore Real Property Database, <http://gis-baltimore.opendata.arcgis.com/datasets/real-property>

Property values shown are estimated current cash values for land and improvements. Properties listed in the database as property of the State of Maryland or Mayor and City Council of Baltimore are excluded, since their cash values are not generally well-defined.

Background map is Stamen Toner.
